# Welcome to the TAG Approved® Accommodations Program

Dear LGBT Travelers:

Thank you for selecting TAG Approved® Accommodations whenever you travel for pleasure, for business, or for your meetings and events.

Most travel guides list any accommodation that pays an advertising fee. But we wanted to take it a step further – we launched an all-out effort to qualify accommodations based not only on their desire for gay travel revenues, but on their employment policies, services, and support returned to the LGBT community.

We also wanted to make the guide more far reaching than just the gay urban hubs. LGBT-friendly can be anywhere – urban, suburban or rural, red state or blue state. TAG Approved® tries to find hotels everywhere, because you never know where you'll need a friendly smile.

These are the qualifications for a hotel or resort to be TAG Approved:

- Enforces non-discrimination sexual orientation policies both for their employees and guests.
- Treats heterosexual and same sex partners equally in personnel policies.
- Provides LGBT-inclusive diversity and sensitivity training for employees.
- Employs staff who reflect the diversity of the community, including LGBT employees in all levels of employment.
- Supports their local communities through charitable giving.
- Empowers customers and employees to be “watchdogs” of its LGBT business practices.

That last one is important. Every month we receive evaluations about our TAG Approved® hotels. These evaluations can come from guests or even anonymously from employees. We want to hear from you. And if you ever feel there is an area that the hotel should work on to promote LGBT equality, let us know. We will confidentially contact the property to express your concerns and work on correcting the situation. Simply email us at [info@CommunityMarketingInc.com](mailto:info@CommunityMarketingInc.com) or call 415/437-3800.

Thank you again for being part of the TAG Approved family. Your support means a lot to us!

Sincerely,

Thomas Roth  
President, Community Marketing, Inc.
